

TestCase

```
classDiagram
    class TestCase
    class DotTestCase["test.model.dot_test.DotTestCase"]
    DotTestCase --|> TestCase
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'TestCase'. Below it is a box labeled 'test.model.dot\_test.DotTestCase'. A blue arrow points from the bottom box to the top box, indicating that 'test.model.dot\_test.DotTestCase' inherits from 'TestCase'.

test.model.dot\_test.DotTestCase
